REMARKS

This Amendment After Allowance is submitted under 37 C.F.R. § 1.312 and seeks to amend the drawings by the submission of one (1) replacement sheet, attached hereto.

The replacement sheet of drawings comprises FIG. 1 and revised FIG. 2. In FIG. 2, the location of feature 60 (together with the location of numeral 60 and the associated leadline) has been changed. Numeral 60 now points out a portion of step feature 30 which intersects sidewall 58 at an angle, instead of being parallel to sidewall 58. In an embodiment described in the specification at page 5, lines 25-26, the step feature includes "at least two non-parallel elements such as sidewall 58 and base 60." FIG. 2 has been revised to more closely conform to this description. No new matter has been added.
